Agent for Applicant thanks both Examiner Abdelwahed and Examiner Banks for the telephone interview on October 20, 2004 with Kathrine Persall and the undersigned, and acknowledges receipt of Office Action Summary dated November 2, 2004.

As outlined in the Interview Summary an agreement was made with Applicant that the proposed amendments consisting of the limitations of

**the thread fabric being centrally and symmetrically disposed within the top, sidewall and flange portions of the disc and that the thread fabric extends to the very end of the rim**

would place this application in condition for allowance.

Accordingly please find enclosed herewith claims which were originally presented on September 24, 2003 which are those allowed with the amendments as outlined above. Agent for Applicant also states that the amendments as submitted by the Examiner's amendment in the Notice of Allowability dated October 29, 2003 have also been added. Subsequent to this the Notice of Allowability had been withdrawn.
